
ENVIRONMENTAL & QUALITY POLICY

MAKING A DIFFERENCE

Metal Solutions supplies engineering products, service, and services connected to swarf removal processes to the Scandinavian market. Through cutting-edge expertise, passion, and innovative thinking, we can increase our customers' competitiveness.

We are certified according to ISO 9001 and ISO 14001.

FOCUSED ON QUALITY

We achieve customer satisfaction by delivering goods and services at the right time, in the right place, and of the promised quality. We are responsive to customer needs and aim to deliver technical solutions that are adapted to each customer's specific needs.

FOCUSED ON THE ENVIRONMENT – FOR SUSTAINABLE DEVELOPMENT

Our operations run in close collaboration with our customers, also in the environmental area. To protect the environment, we reduce the negative impact and greenhouse gas emissions from transportation.

We are also striving to increase the energy efficiency of our units. We ensure responsible chemical and waste management in our operations, aiming to limit the amount of chemicals and reduce the quantity of waste. The resulting waste is sorted in accordance with current guidelines.

We endeavour to make constant improvements throughout our operations. We prevent pollution in order to reduce our negative environmental impact, and adhere closely to current environmental and occupational health and safety legislation, as well as other requirements placed on us.
